LE SAINT CORAN EN PHONETIQUE

Compilé par Rachel

Règles de lecture:

Les lettres en gras ne se prononcent pas à l'oral. Veillez à bien différencier les lettres soulignées de celles qui ne le sont pas.

- ✓ Prononcer le « th » comme dans le mot « three », « th » comme dans « there » et « *th* » comme le son précédent mais le fond de la langue fait un mouvement vers la gorge, la voyelle qui suivra en sera plus grave et grossie (ce mouvement de langue est valable aussi pour les lettres « s » et « t »).

- ✓ Prononcer le « r » comme un « r » espagnol roulé, le « kh » comme dans le prénom « Khaled » et « gh » comme dans le mot anglais « rain ».

- ✓ Prononcer le « k » comme dans « café », pour le « q » faites un « k » mais avec le fond de la langue vers la gorge comme pour la boucher, vous sentirez le son sortir de cet endroit.

- ✓ Prononcer le « h » de façon exagérée comme dans « Hakim » et le « h » de façon plus douce comme une respiration, comme dans le mot « shahada ».

- ✓ Prononcer le « u » comme le son français « ou/o », le « oo » comme un « u » long, et le « ee » comme un « i » long.

- ✓ Prononcer le « ' » du fond de la gorge comme dans le mot arabe « 'ayn » (œil).

- ✓ Les voyelles soulignées sont longues
